

PRICING FOR CONCRETE GUTTER REMOVAL & REPLACEMENT WITH SEAMLESS ALUMINIUM RAINWATER SYSTEM

PRICE PER	NETT	INC. VAT	NOTES
FIRST 12 METERS (Starting Price)	£2,833.00	£3,400.00	This price includes: Removal of concrete gutter and installation of Aluminium gutter, fascia boards, PVC downpipes, polymer sealant, box ends and waste disposal facilities.
ADAPTORS	£41.67	£50.00	
CORNER	£83.33	£100.00	
<p>SCAFFOLDING – No additional charge for scaffolding if we use our own lightweight MAC Approved Scaffolding System, which can only be used if access to the gutters is not impeded in any way, and the gutter is below 5 meters in height.</p> <p>For any additional height, or where access is impeded or difficult, outsourced scaffolding will be required. PRICE variations exist due to locality of the work. We have approved sub-contractors all over England which we use and obtain our quotes from. We always give you the best price we get direct from the sub-contractor.</p>			
OPTIONAL EXTRA: LEAFGUARD / SNOWGUARD (PER METER)	£8.34	£10.00	This reduces bridging cold and gutter maintenance. Brilliant solution for tree lined areas.
OPTIONAL EXTRA: INSULATION ABOVE CUT OFF CONCRETE GUTTER	FREE (In place of venting)	FREE (In place of venting)	This option is specifically aimed at homes with extreme bridging cold.
